**STATE OF HAWAII

The State of Hawaii anticipates the need for various treatment services including medical treatment, counseling, and therapeutic services that are needed from time to time. In accordance with Section 103F-404, Hawaii Revised Statutes and Chapter 3-145, Hawaii Administrative Rules, the State is seeking statements of qualifications from private health and human service providers for the services listed below. The State Procurement Office is conducting the application and qualification process for all state agencies. Private service providers are invited to submit statements of qualifications for evaluation and when qualified, will be included on the *Treatment List of Qualified Private Providers*. When the need for treatment services arises, state agencies may select a provider(s) from the "List" and negotiate a contract for the delivery of services.

Application packets, including the description of service and requirements, may be obtained at the State Procurement Office, Kalanimoku Bldg., 1151 Punchbowl St., #230-A, Honolulu 96813, by calling the State Procurement Office, or on our website at: www.spo.hawaii.gov. Providers who are on the current *Treatment List of Qualified Private Providers* and want to be removed must contact the State Procurement Office at the phone number or address in this notice. Providers on the current "List" are not required to resubmit an application for the services(s) for which they are currently listed.
